If Today Was Your Last Day - Nickelback

Tuning: Down Half Step

I learnt this on the acoustic and have written the chords the way I've played them. If using an electric not all the notes of the chords are hit when strumming.

Listen to the song to get the strumming correct. Most of the chords are played the same the ones used in their song "Photograph" with the high E & B ringing out slightly.

Please Note:- The B chord used throughout the song can be played in either the 7th fret as tabbed, or in the 2nd fret position, as shown below. I preferred it in the 7th position.
