She Talks To Angels - Black Crowes

Transcribed by Derreck

This is an awesome song on the acoustic, sounds good alone and even better with two guitars. You'll have to listen to the song for the rhythm (obviously). If you're a beginner, e-mail me and I'll send you a recording of how I do the intro and chorus to get you rolling.

This song is in Open E tuning. Tune your 5th string (2nd from top) up a whole step from A to B, 4th string up a whole step from D to E, and your 3rd string a half step from G to G#.

h - hammer on
p - pull off
b - bend string
r - release bend
s - slide
v - downward strum
^ - upward strum
NH - Natural Harmonics

[Verse]

She never mentions the word addiction

In certain company

Yes, she'll tell you shes an orphan

After ya meet her family

(No lyrics in the first chorus)

[Verse 2]

(Same strumming pattern)

She paints her eyes as black as night now
She pulls those shades down tight
Yea she gives a smile when the pain comes
The pain gonna make everything alright

[Chorus]

(Start in the middle of the 050000)

She says she talks to angels, they call her out by her name
Oh yea she talks to angels, says they call her out by her name

[Verse 3]

She keeps a lock of hair in her pocket
She wears a cross around her neck
Yes the hair is from a little boy
And the cross from someone she has not met.....not yet

[Chorus]

She says she talks to angels, says they all know her name
Oh yea she talks to angels, says they call her out by her name

(Now skip the natural harmonics,
and go straight to the Bridge, which is something like this)

[Bridge]

(Sing while your strumming the A)

A

```

She don't know no lover

None that I've ever seen

To her that ain't nothin'

But to me, it means, everything. (on this one, stretch the A out
with the words)

(Replace the 050000's with the main riff here)

Repeat the 2nd Verse here.

Then repeat chorus twice, with lotsa feeling, I want you tearing up by now.
Add 2 extra B (7's) A (5's) runs in the very last chorus,
get the lyrics from the song. Just extra ooooh's n stuff.

Well that's about it, I know this is messy,
but it's my first attempt at tablature.

Comments would be appreciated..
