

Sting Me Tab by The Black Crowes

Tuning: E A D G B E

THE BLACK CROWES
STING ME

well, for starters it's in open G (surprised?)
lemme see here. . .

```
-----|
-----1-0--0-1---|
-----3^0---6s5-0-0-0--0-0---|
----3^5-----2-0--0-2---|
-----0-----0-----|
-----|
```

the rhythm may be off. probably is actually. anyways. . .that's the main riff at the beginning.

also, there's that descending part he does after the riff in the beginning it's just F to E to G. the thing
this song is you can's really play it wrong. just jam it out. i usually plat octaves on the 6 and 4
you'll figure it out.

the chorus is like this

Can ya sting meeeeeeeetc. . .

```
-0----3-----5-----|
-0----3-----6-----|
-0----3-----5-----|
-0----3-----7-----|
-0----3-----5-----|
-----|
```

right to my rotten bones

```
---5---5--5---5-----0-----|
---5---5--5---5-----0-----|
---5---5--5---5-----0-----|
---5---5--5---5-----0-----|
---5---5--5---5-----0-----|
-----|
```

the just before the solo, vamp a little bit in G using a dominant seventh and a flatted third (F and Bflat
you got lost for a second there)

then the solo is just the chorus progression.

and that very funky riff under that next verse (oooh c'mon my sweet little thang. . .)
is like this. . .

```
-----|  
---3^-----|  
---3^-----|  
-----5-3-5-3-5-----|  
-----|  
-----|
```

oh yeah, i forgot about this part before, sorry.

i don't mean to sound bitter. . .

```
-5-----5-----0-----|  
-6-----5-----0-----|  
-5-----5-----0-----|  
-7-----5-----0-----|  
-5-----5-----0-----|  
-----|
```

that should be it. hope it helps! good luck
Sean T.
