

Fool For Your Loving Tab by Whitesnake

Tuning: E A D G B E

Ok constructive crits welcome. The F/Gm in the bridge is done twice. The Gm in the chorus is played at the 10th fret. This is from the Ready And Willing album so it may differ from the later version. The intro is the first 4 bars of the main riff up to the F that played during the verses. Enjoy.

[Verse]

I was born under a bad sign,
Left out in the cold
I'm a lonely man who knows
Just what it means to lose control

But, I took all the heartache
And turned it to shame,
Now I'm moving, moving on,
And I ain't taking the blame

[Bridge]

```
      Cm7                      Dm7
Don't come running to me,
                      F/Gm
I know I've done all I can
      Cm7                      Dm7
A hard loving woman like you
                      F/Gm

```
